

PROGRAMMING FUNDAMNTALS PROJECT

FAST Connect The Smart University Management and Assistance System

System Breakdown (What things we have to do like the conditions and all):

It is for Student login, Timetable and University Announcements Still many more features to add as mentioned in proposal

Student Login

Things we need to do:

- Ask the student to enter their Student ID.
- Ask for their Password.
- Check whether both are correct.
- If the details are correct open the menu.
- If the details are wrong show an error message.
- We can also give the student 3 attempts to log in.

Conditions:

- If ID and password are correct then Login Successful
- If either one is then Invalid ID or Password
- If 3 attempts are used then Login Failed / Account Blocked

2. Timetable and Class Schedule

In this section students can check their classes without having to look for the timetable else.

Things we need to do:

- Ask the student to select a day.
- Show the classes scheduled for that day.

Display:

- Course name
- Teacher
- Classroom
- Starting time
- Ending time

Conditions:

We can use a switch for days.

For example:

Aroof Ali 26K-0625(Group Leader)

- 1 .Monday
- 2. Tuesday
- 3. Wednesday
- 4. Thursday
- 5. Friday

If the student selects Monday the system will display Mondays timetable.

We can also check the class status:

- If the class hasn't started then Upcoming Class
- If the class is currently going on then Class in Progress
- If the class has finished then Class Completed

Example:

Student selects Monday

The system displays:

- PF. 9:00 AM. Room C15
- Calculus. 11:00 AM. Room D26
- English. 1:00 PM. Room A8

3. University Announcements

This section will allow students to see university announcements in one place.

Things we need to do:

- Display announcements
- Divide announcements into categories
- Show urgent announcements separately
- Display deadlines when needed

Categories:

- Academic
- Exams
- Events
- Emergency
- General

We can use a switch to select a category.

Conditions:

For example:

If priority is high then Urgent

Aroof Ali 26K-0625(Group Leader)

If priority is medium then Important
Otherwise General

For deadlines:

- If deadline hasn't arrived then Deadline Upcoming
- If today is the deadline then Deadline is Today
- If deadline has passed then Deadline Passed

Example:

- URGENT: Midterm examination schedule has been uploaded.
- Event: Sports Week registrations are open.
- General: Library timings have been updated.
